Reminders: Keep track of your belongings at all times. If your instrument is not in use, large instruments need to be together near the truck. Small instruments need to be back in your bus seats. Parents are there to assist you in the loading and unloading process. Please remember to do your part. Our motto is leave it better than you found it. We have been pretty messy. Please clean your seat, camp, and band room. Even if it is not your trash, pick it up and pitch it. We are a team!

Expectations: When in the public eye, the Knighpride must always be the example of class, respect, courtesy, maturity, and focus. Students are expected to be prepared and on time for all listed times. Uniforms are to be respected, complete at all times, and worn with pride. All students will help with the loading and unloading of the trailer. No one will eat or rest until that is complete. Interactions with Sainte Gen workers must be kind, courteous, and respectful. Comments about other bands must ONLY be positive.
