Reminders:

The moment we leave the band room, you are performing. You want Admin, faculty, and the general public to see our standard of excellence and encouraging them to support our group on all levels. A band program survives on Public and District relations. Make sure you are always positive, energetic and embody excellence at all times.

- 1) Once you are in uniform, you are performing and represent this program.
- 2) You are never in part of your uniform. That means it is to be zipped at all times. (unless otherwise specified. No hats, sunglasses, other colored socks, short socks, or jewelry. When in Uniform, students must remain in FULL Uniform until Director states otherwise. This means, jacket zipped.
- 3) We never run in uniform.
- 4) We are a part of the football game including cheers. Not on our phones.
- 5) We are respectful and never use discouraging remarks to the other team, our own team, Knightline, cheer, other students, referees, and adults.
- 6) You will be kind and courteous to boosters that are helping us.
- 7) Be spirited, but stay classy.
